ONE Celebrated World Environmental Day

On 19 June 2019, Ocean Network Express (ONE) celebrated World Environmental Day at the Singapore head office. Close to 100 employees participated in the green event where initiatives were rolled out to create awareness and motivate employees to play a part in protecting the Earth.

1. ONE's "Environmental Vision 2050", supports global marine sustainability and aims to protect the environment using best industry practices.

AS ONE, WE CAN. ENVIRONMENTAL VISION 2050
ONE SUPPORTING GLOBAL MARINE SUSTAINABILITY
OCEAN NETWORK EXPRESS

Protecting our Environment with Industry Best Practices

As a container shipping company, ONE is committed towards industry best practices and to accelerate our environmental response with new technologies. ONE will fulfill its obligations in environmental care, so as to ensure that our operations are meticulously handled against negative environmental impacts. Therefore, by 2050 we aim to substantially enhance the sustainability of our global environment.

Four priority issues / Key environmental areas to address

- Marine pollution and the ecosystem
- Energy Resources
- Global warming
- Air pollution

- SUBSTANTIAL REDUCTION OF CO2 EMISSION
- ADOPTION OF NEW ENERGY SOURCES
- ZERO MARINE ACCIDENTS

2. ONE reinforced the '3Rs' message to Reduce, Reuse and Recycle through the following activities:

- The "Green Curtain Project" (growing climbing plants to form a curtain) was carried out in ONE to share sustainable ideas to reduce global warming. The project also introduced employees to re-use coffee grounds as compost to nurture the plants. Used coffee grounds were distributed to employees who are garden lovers themselves, and such environmental initiative ignited positive responses at the event. Each day, the used coffee grounds are also given to employees instead of tossing them away.

- To boost recycling efforts, new recycle bins were placed in the office to encourage proper disposal of recyclable waste.

ONE Celebrated World Environmental Day

- The event also drove the efforts of reducing single-use plastic by distributing stainless-steel straws to all employees and ceasing to provide plastic containers for snacks at Ocean Café (ONE's common social area). Sprout pencils, which are 100% sustainable, non-toxic, non-GMO, contain plant seeds and after use, they can grow into herbs. These pencils were specially sourced and distributed to employees as a great alternative to plastic pens.

Together as ONE, we strive to Reduce, Reuse, and Recycle for a greener environment and a greener Earth!
